Rodney Stark takes on the long-held view that the Crusades were the first round of European colonialism, conducted for land, loot, and converts by barbarian Christians who victimized the cultivated Muslims. To the contrary, Stark argues that the Crusades were the first military response to unwarranted Muslim terrorist aggression.

God's Battalions: The Case for the Crusades, by Rodney Stark. I first posted this review five years ago, before Think was up and running, when I was blogging in a number of different places. With the current events in Syria, and the frequency with which the subject of the crusades comes up, it probably bears a re-post.
