Groundwork Between Landscape And Architecture

Groundwork: Between Landscape and Architecture examines twenty-five projects, on an international scale, that consider landscape and architecture as true reciprocal entities. Groundwork divides the projects into three design directions: Topography, Ecology, and Biocomputation.

Groundwork: Between Landscape and Architecture: Balmori ...

In Groundwork, landscape architect Diana Balmori and architect Joel Sanders explore the territory between their fields, which is often painted—falsely, they write—as a dichotomy. “An integrated practice of landscape and architecture could have dramatic environmental consequences: the disciplines would cease to have separate agendas and would instead allow for buildings and landscapes to ...
